Forward-Looking Statements

This report and oral statements made from time to time by our representatives contain forward-looking statements. You should not place undue reliance on those statements because they are subject to numerous uncertainties and factors relating to our operations and business environment, all of which are difficult to predict and many of which are beyond our control. Forward-looking statements include, without limitation, information concerning our possible or assumed future results of operations. These statements often include words such as "may," "will," "should," "believe," "expect," "anticipate," "intend," "plan," "estimate" or similar expressions. These statements are based on assumptions that we have made in light of our experience in the industry as well as our perceptions of historical trends, current conditions, expected future developments and other factors we believe are appropriate under the circumstances. Although we believe that these forward-looking statements are based on reasonable assumptions, you should be aware that many factors could affect our actual financial results or results of operations and could cause actual results to differ materially from those in the forward-looking statements. These factors include, but are not limited to, our ability to execute our tech-focused strategy, the review of potential dispositions of certain of our businesses and the terms and timing of any such transactions, the results and timing of our search for a new Chief Executive Officer, competition from existing and future competitors in the highly competitive market in which we operate, failure to adapt our business model to keep pace with rapid changes in the recruiting and career services business, failure to maintain and develop our reputation and brand recognition, failure to increase or maintain the number of customers who purchase recruitment packages, cyclicalities or downturns in the economy or industries we serve, the uncertainty surrounding the United Kingdom's future departure from the European Union, including uncertainty in respect of the regulation of data protection and data privacy, failure to attract qualified professionals to our websites or grow the number of qualified professionals who use our websites, failure to successfully identify or integrate acquisitions, U.S. and foreign government regulation of the Internet and taxation, our ability to borrow funds under our revolving credit facility or refinance our indebtedness and restrictions on our current and future operations under such indebtedness. These factors and others are discussed in more detail in the Company's filings with the Securities and Exchange Commission, all of which are available on the Investors page of our website at www.dhigroupinc.com, including the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016, under the headings "Risk Factors," "Forward-Looking Statements" and "Management's Discussion and Analysis of Financial Condition and Results of Operations."
