Summary of the Third Quarter Report

On November 14, 2002, Kookmin Bank filed a third quarter report with the Financial Supervisory Commission of Korea pursuant to the Securities and Exchange Act of Korea (the "Business Report"). This is a summary of the Business Report translated into English. Non-material or previously disclosed portions were omitted or abridged.

All references to "Kookmin Bank" mean Kookmin Bank on a non-consolidated basis, and all references to "we" or "us" "the Bank" mean Kookmin Bank and, as the context may require, its subsidiaries. Kookmin Bank means a new entity established by a merger with former Kookmin Bank and H&CB on the merger date of October 31, 2001. Sometimes we refer it to New Kookmin Bank. On the other hand, we use the "Former Kookmin Bank" for the name of the former Kookmin Bank, which had been another entity before it merged H&CB.

We were formed through a merger between the Former Kookmin Bank and H&CB, which merged into a new corporation named "Kookmin Bank" effective November 1, 2001. Accordingly, financial information in this Business Report since the merger date reflects the impact of the merger. Under generally accepted accounting principles in Korea, the Former Kookmin Bank is deemed the accounting acquiror of H&CB in the merger, and we have accounted for the acquisition using the purchase method of accounting. However, trust accounts are not accounted by the purchase method accounting according to the Korean Financial Supervisory Service's guidelines.

Therefore, unless indicated otherwise, any comparative description or table of year 2000 or before 1) for bank accounts is based on the Former Kookmin Bank's results and 2) for trust accounts is based on simple consolidated numbers of Former Kookmin Bank's and H&CB's results.

All references to "Won" or "W" in this document are to the currency of the Republic of Korea.

- Exercise price = 51,200 Won x (1 + the increase rate of KOSPI Banking Industry Index x 0.4) / 100. The increase rate of KOSPI Banking Industry Index = (KOSPI Banking Industry Index as of the starting date of exercise period - 207.25) / 207.25 x 100.
- Conditional options up to 200,000: Additional shares shall be granted if the average closing price of Kookmin Bank's stock from August 17, 2004 to November 16, 2004 (or for the three months prior to his resignation, if he resigns earlier than his original tenure) is higher than the stock prices of any other bank listed on the Korea Stock Exchange. The number of options to be granted shall be based on total score, which calculated by the earned total scores of both ROE and market capitalization on November 17, 2004 (or on the date of his resignation, if he resigns earlier than his original tenure). The additional shares will not be exercisable if the CEO works less than 18 months or the earned total score is less than 80 points.
- Exercise price = 57,100 Won x (1 + the increase rate of KOSPI Banking Industry Index x 0.4). The increase rate of KOSPI Banking Industry Index = (KOSPI Banking Industry Index as of the starting date of exercise period - KOSPI Banking Industry Index as of the grant date) / KOSPI Banking Industry Index as of the grant date.

Table of Contents**2. Business****2.1. Business Overview**

We are the largest commercial bank in Korea in terms of assets, deposits, branch network and retail customer base. Our primary focus is branch-based lending to and deposit-taking from retail customers and small and medium-sized enterprises. The principal components of our business are general household, mortgage and small and medium-sized enterprise lending, credit card operations and investment trust account management business and capital market activities. We also make loans and provide banking services to large domestic corporate customers.

We have developed one of the most extensive domestic branch networks, with 1,108 domestic branches and sub-branches as of September 30, 2002. Our extensive branch network and retail customer base have provided us with a source of stable and low cost funding.

2.5. Property, Plants and Equipment**2.5.1. Branch Network**

As of September 30, 2002, we had 1,020 branches and 88 sub-branches in Korea, the largest number of branches among Korean commercial banks. We believe that our extensive branch network in Korea and retail customer base provide us with a source of stable and relatively low cost funding. Approximately 40% of our branches and sub-branches are located in Seoul.

1. Includes credit card receivables and cash advances.
2. Sales include credit card receivables and cash advances. This is the result of Kookmin Credit Card, our KOSDAQ-registered, majority-owned subsidiary.
3. Kookmin Bank recognizes fee revenues under a fee agreement with Kookmin Credit Card. These amounts are the revenues Kookmin Bank received from Kookmin Credit Card pursuant to the fee agreement. Kookmin Bank also recognizes non-operating revenue in connection with consolidation of Kookmin Credit Card under equity method.

Table of Contents

We also have three subsidiaries in Luxemburg, Hong Kong and London and three branches in Tokyo, New York and Auckland. We do not own any material properties outside of Korea.

2.5.2. Automated Banking Machines

We have established an extensive network of automated banking machines, which are located in branches and in Autobanks (unmanned outlets). These automated banking machines consist of ATMs, cash dispensers and passbook printers. As of September 30, 2002, we had 5,220 ATMs, 3,439 cash dispensers and 915 passbook printers.

2.5.3. Property

Our registered office and corporate headquarters are located at 9-1, 2-Ga, Namdaemun-Ro, Jung-Gu, Seoul, Korea. In addition, we own a few other headquarters, IT centers and many properties for branch space around the Korea.

The book value of all the properties owned by us as of September 30, 2002 was W1,532,631 million. We do not own any material properties outside of Korea.

5. Corporate Governance and Affiliated Companies

5.1. Board of Directors

The board of directors holds regular meetings every quarter. The board of directors consists of directors and resolves each following matter:

- matters relating to business objectives and performance evaluation;
- matters relating to amendments of the Articles of Incorporation;
- matters relating to budget and accounting including salaries of directors and employees;
- matters relating to major organizational changes such as dissolution, business transfer and merger;
- matters relating to internal control standards; or
- other matters determined by law and the board of directors regulations

We currently have five management committees that serve under the board:

- the Board Steering Committee;
- the Management Strategy Committee;
- the Risk Management Committee;
- the Audit Committee; and
- the Compensation Committee.

Each committee member is appointed by the board of directors, except for members of the Audit Committee, who are elected at the general meeting of stockholders. For list of our directors, see 7. Directors, Senior Management and Employees / 7.1. Executive Directors and 7.2. Non-Executive Directors.

5.2. Audit Committee

Audit Committee oversees our financial reporting and approves the appointment of and interaction with our independent auditors, compliance officers, management personnel and other committee advisors. The committee also reviews our financial information, auditor's examinations, key financial statement issues and the administration of our financial affairs by the board of directors. In connection with the general meetings of stockholders, the committee examines the agenda for, and financial statements and other reports to be submitted by, the board of directors to each general meeting of stockholders. The committee holds regular meetings every quarter.

5.3. Voting Rights of Shareholders

Each outstanding share of our common stock is entitled to one vote per share.

If the method of written resolution at the general meeting of shareholders is adopted by resolution of the board of directors, at which the convening of the general meeting of shareholders is determined, the shareholders may exercise their voting rights in writing without participating the meeting. In this case, the Bank is required to send the documents and references necessary for exercise of voting rights, together with the convening notice.

If a shareholder intends to exercise his/her voting rights in writing, the shareholder is required to fill in and submit to the Bank one day before the date set for the general meeting of shareholders.

5.4. Compensation to the Directors

For the nine months ended September 30, 2002, the aggregate of the remuneration paid and benefits-in-kind paid by us to 1) the Chairman, President & CEO and our other executive directors and 2) our non-executive directors was W2,652 million, W418 million, respectively.

As part of remuneration, Kookmin Bank also granted stock options to directors. See 1. Introduction to the Bank / 1.3. Capital Structure / 1.3.4. Stock Option.

Review Report of Independent Accountants

To the Board of Directors and Shareholders of Kookmin Bank

We have reviewed the accompanying non-consolidated balance sheets of Kookmin Bank (the Bank), as of September 30, 2002 and 2001, and the related non-consolidated income statements for the nine-month periods then ended, expressed in Korean Won. These non-consolidated financial statements are the responsibility of the Bank's management. Our responsibility is to issue a report on these non-consolidated financial statements based on our reviews.

We conducted our reviews in accordance with semi-annual review standards established by the Securities & Futures Commission of the Republic of Korea. These standards require that we plan and perform the review to obtain moderate assurance as to whether the non-consolidated financial statements are free of material misstatement. A review is limited primarily to inquiries of the Bank's personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and, accordingly, we do not express an audit opinion.

Based on our reviews, nothing has come to our attention that causes us to believe that the accompanying non-consolidated financial statements are not presented fairly, in all material respects, in accordance with accounting standards for preparation of quarterly and semiannual financial statements in the Republic of Korea.

As discussed in Note 33 to the non-consolidated financial statements, the Bank entered into a business combination contract (the Contract) with H&CB on April 23, 2001 and obtained approval from the shareholders for such combination on September 29, 2001. In accordance with the Contract, the Bank completed the legal consolidation with H&CB as of October 31, 2001. According to the Contract, the shareholders of the Bank and H&CB received 1 new common share of the Bank for 1.688346 old shares of the Bank and 1 share of H&CB, respectively. The new common shares of the Bank were listed on the Korea Stock Exchange on November 9, 2001. Despite the legal form of consolidation, the business combination was accounted for as an acquisition with the Bank as acquirer of H&CB's total assets of (Won)67,742,958 million and liabilities of (Won)64,381,185 million. The Bank's registration statement with the Securities and Exchange Commission of the United States of America was declared effective on September 10, 2001, and the new shares of the Bank were listed on New York Stock Exchange as American Depositary Shares (ADS) on November 1, 2001.

Table of Contents

As discussed in Note 2 to the non-consolidated financial statements, allowances for consumer loans and credit cards are determined by applying the following rates, which were changed since May 10, 2002 in preparation for increasing risk of loan losses due to the increase of consumer loans and credit cards.

Credit risk Classification	Allowance rates Before May 10, 2002	Allowance rates since May 10, 2002	
		Consumer	Credit cards
Normal	0.5%	0.75%	1.0%
Precautionary	2.0%	5.0%	7.0%
Sub-standard	20.0%	20.0%	20.0%
Doubtful	50.0%	55.0%	60.0%
Estimated Loss	100.0%	100.0%	100.0%

As of September 30, 2002, the additional allowances of (Won)226,909 million for consumer loans and (Won)66,778 million for credit cards loans are provided by applying different allowance rates, resulting in the decrease of (Won)293,687 million of net income before income tax expenses.

As discussed in Note 17 to the non-consolidated financial statements, in accordance with the signed memorandum of understanding with Sun Capital Inc.(the Company) on June 15, 2002 and the resolution of the Bank's board meeting on July 26, 2002, the Bank is to sell 12,988,771 shares (equivalent to 65.43% ownership) of its 16,960,000 shares (equivalent to 85.43% ownership) of Jooeun Leasing Co., Ltd. and (Won)172,024 million of loans (outstanding principal balance as of March 31, 2002) to the Company. The Bank expects to receive (Won)145,000 million from the sale of investments and loans.

As discussed in Note 5 to the non-consolidated financial statements, Kookmin Venture Capital Co., Ltd., Frontier Investment Co., Ltd., and Kookmin Investment Co., Ltd. were subsidiaries of the Bank. Kookmin Venture Capital Co., Ltd. merged with Frontier Investment Co., Ltd. and Kookmin Investment Co., Ltd. on December 31, 2001 and June 27, 2002, respectively, to avoid duplicate investments. As of September 30, 2002, the Bank owns 99.89% of total issued shares of Kookmin Venture Capital Co., Ltd. and the investment amounts to (Won)107,877 million.

We draw attention to Note 17 of the non-consolidated financial statements which states that the operations of the Bank may be directly or indirectly affected by the general unstable economic conditions in the Republic of Korea and the impact of the implementation of structural reforms. Certain financially troubled borrowers of the Bank including Korea Data System Co., Ltd are experiencing a cash crisis or are in the debt restructuring process under workout plans and other similar programs. As of September 30, 2002, in relation to such borrowers, total loans outstanding including guarantees and acceptances amounted to (Won)904,554 million, and the related allowances and discounted present value are (Won)331,308 million and (Won)19,062 million, respectively. The ultimate effect of these significant uncertainties on the financial position of the Bank as of the balance sheet date cannot presently be determined and accordingly, no adjustments have been made in the accompanying financial statements related to such uncertainties.

KOOKMIN BANK

NOTES TO NON-CONSOLIDATED FINANCIAL STATEMENTS

**For the nine-month periods ended September 30, 2002 and 2001
(Unaudited See Accountants' Review Report)**

1. The Bank:

Kookmin Bank (the Bank) was established in 1963 under the Citizens National Bank Act to provide and administer funds for financing the general public and small businesses. Pursuant to the repeal of the Citizens National Bank Act effective January 5, 1995, the Bank has conducted its operations in accordance with the provisions of the General Banking Act.

The Bank merged with Korea Long Term Credit Bank (KLTB) on December 31, 1998 and with Daegu, Busan, Jeonnam Kookmin Mutual Savings & Finance Co., Ltd. on August 22, 1999. Also, under the decision of the Financial Supervisory Commission in accordance with the Act concerning the Structural Improvement of the Financial Industry, the Bank purchased certain assets, including the loans classified as normal or precautionary, and assumed most of the liabilities of Daedong Bank (the P&A) as of June 29, 1998. The Bank entered into a business combination contract (the Contract) with H&CB on April 23, 2001. In accordance with the Contract, the Bank completed the legal consolidation with H&CB as of October 31, 2001 (See Note 33).

The Bank had its shares listed on the Korean Stock Exchange since September 1994. As a result of the business combination with H&CB, the former shareholders of the Bank and H&CB received new common shares of the Bank on the basis of a pre-determined ratio. The new common shares of the Bank were relisted on the Korea Stock Exchange on November 9, 2001. The Bank's paid-in capital amounts to (Won)1,588,387 million as of September 30, 2002 (See Note 18). Also, as of September 30, 2002, 47,796,480 shares of the Bank are listed on the New York Stock Exchange as American Depositary Shares (ADS).

The Bank is engaged in the banking and trust business according to the provisions of the General Banking Act and the Trust Business Act and operates through 1,248 domestic branches and offices (including ATMs) and 3 overseas branches as of September 30, 2002.

2. Summary of Significant Accounting Policies:

The significant accounting policies followed by the Bank in the preparation of its financial statements are summarized below.

Basis of Non-consolidated Interim Financial Statement Presentation

The Bank's non-consolidated interim financial statements were prepared in accordance with the financial accounting standards generally accepted in the Republic of Korea, the accounting standards for preparation of quarterly and semiannual financial statements in the Republic of Korea and the accounting standards generally accepted for banking institutions, as modified by the accounting and reporting guidelines prescribed by the banking regulatory authorities.

The Bank maintains its official accounting records in Korean Won and prepares statutory financial statements in the Korean language in conformity with the accounting principles generally accepted in the Republic of Korea. Certain accounting principles applied by the Bank that conform with financial accounting standards and accounting principles in the Republic of Korea may not conform with generally accepted accounting principles in other countries. Accordingly, these financial statements are intended for use by those who are informed about Korean accounting principles and practices. The accompanying financial statements have been condensed, restructured and translated into English from the Korean language financial statements. Some information attached to the Korean language financial statements, but not required for a fair presentation of the Bank's financial position or results of operations, is not presented in the accompanying financial statements.

The preparation of financial statements in conformity with financial accounting standards generally accepted in the Republic of Korea and the accounting standards generally accepted for banking institutions requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Due to the inherent uncertainty involved in making estimates, actual results may differ from those estimates.

The Bank operates both a commercial banking business and a trust business in which the Bank, as a fiduciary, holds and manages the property of others. Under the Trust Business Act, the trust funds are accounted for and reported separately from the Bank's own commercial banking business.

2. Summary of Significant Accounting Policies, Continued;*Recognition of Interest Income*

The Bank recognizes interest income on loans and debt securities on an accrual basis. However, interest income on delinquent and dishonored loans and debt securities, other than those subject to security deposits and guaranteed by financial institutions, is recognized on a cash basis. Accordingly, under the cash basis, unaccrued interest income amounted to (Won)553,828 million and (Won)487,559 million as of September 30, 2002 and 2001, respectively.

Translation of foreign currency

Assets and liabilities denominated in foreign currencies are translated into Korean Won at exchange rates announced by Seoul Money Brokerage Services, Ltd. at the balance sheet date. The resulting exchange gains or losses are reflected in other operating income or expenses.

The exchange rates used to translate foreign currency denominated assets and liabilities at September 30, 2002 and 2001 are (Won)1,225.5 : US\$1 and (Won)1,309.1 : US\$1, respectively.

Allowances for Loan Losses

The Bank applies its internal credit rating system, Forward Looking Criteria (FLC), to corporate loans in order to classify the borrowers and to determine allowances for loan losses. The corporate borrowers are classified into 12 credit risk categories (AAA, AA, A, BBB, BB, B⁺, B, B⁻, CCC, CC, C, D) since May 10, 2002, which were classified into 10 credit risk categories (AAA, AA, A, BBB, BB, B, CCC, CC, C, D). Credit risk classification under FLC is based on a scaled valuation of financial and non-financial risks with additional consideration of loan type, collateral and/or guarantees.

Allowances are determined by applying at minimum the following rates to the outstanding balances of each credit risk classification.

Credit Risk Classification	Credit Ratings before May 10, 2002	Credit Ratings after May 10, 2002	Allowance rates
Normal	AAA ~ B	AAA ~ B	0.5%
Precautionary	CCC	B ⁻ , CCC	2%
Sub-standard	CC	CC	20%
Doubtful	C	C	50%
Estimated loss	D	D	100%

However, the Bank does not apply the FLC to small-sized corporate loans, consumer loans, and credit cards. Alternatively, the bank classifies such loans by considering current financial status including delinquent number of days, bankruptcies and collateral value. The allowances for small-sized corporate loans, consumer loans, and credit cards are determined by applying the following rates, which were changed since May 10, 2002.

Credit Risk Classification	Allowance rates before May 10, 2002	Allowance rates since May 10, 2002		
		Small-sized corporate	Consumer	Credit cards
Normal	0.5%	0.5%	0.75%	1.0%
Precautionary	2.0%	2.0%	5.0%	7.0%
Sub-standard	20.0%	20.0%	20.0%	20.0%
Doubtful	50.0%	50.0%	55.0%	60.0%
Estimated loss	100.0%	100.0%	100.0%	100.0%

Edgar Filing: KOOKMIN BANK - Form 6-K

As of September 30, 2002, the additional allowances of (Won) 226,909 million for consumer loans and (Won) 66,778 million for credit cards loans are provided by applying different allowance rates, resulting in the decrease of (Won) 293,687 million of net income before income tax expenses.

2. Summary of Significant Accounting Policies, Continued;*Present Value Discounts*

Troubled debt restructuring loans, which are modified as to outstanding principal, interest rate, and/or maturity under programs such as workout, court receivership, court mediation, or debt restructuring agreements of parties concerned, are carried at present value if the difference between the book value and the present value of the restructured loan is significant. When estimating the present value of the loans, the Bank applies the interest rate as of the inception of the loans except for the interest rate of variable rate loans and extended maturity loans, which are adjusted to reflect the interest rate as of the restructuring date. The present value discounts are recorded by reclassifying allowances for loan losses and if additional allowances need to be provided for, the additional allowances are provided and recognized as bad debt expense of the current period. These present value discounts are amortized using the effective interest method and are recognized as interest income. Allowances for loan losses on the restructured loans are provided for based on the loan balances net of present value discounts.

Additionally, the Bank recorded (Won)22,121 million and (Won)29,682 million of present value discounts as of September 30, 2002 and 2001, respectively, on long-term deposits placed with Hansol Mutual Savings & Finance Co., Ltd. (Previously, Bukook Mutual Savings & Finance Co., Ltd.) (See Note 3). Also, the receivables from disposal of foreclosed assets that are redeemed in long-term installments are recorded in the balance sheet net of the related present value discounts.

Securities

Marketable securities held for short-term capital gain purposes, which exclude stocks issued by associates and debt securities held to maturity, are classified as trading securities. Securities that are not classified as trading securities are classified as investment securities.

Securities are initially recorded at cost with incidental expenses added to compute the acquisition cost in applying the moving average or specific identification method. The subsequent valuation methods used for the securities are summarized as follows:

	Valuation Method	Recognition of Unrealized Gains and Losses
Trading securities	Fair value	Net income
Investment securities		
Available-for-sale securities and marketable equity securities	Fair value	Capital adjustments
Held-to-maturity securities and non-marketable equity securities	Cost	N/A
Investment in associates	Equity	Net income, retained earnings, or capital adjustments per source of the gain or loss

If the fair value of the investment securities are significantly below the book value and the impairment is determined to be other than temporary, the Bank adjusts the investment securities to their fair value and recognizes the related impairment losses as part of the current period non-operating expenses.

2. Summary of Significant Accounting Policies, Continued;*Fixed Assets and Related Depreciation*

Tangible assets are recorded at cost, except for upward revaluation of certain assets in accordance with Korean Asset Revaluation Law. Depreciation is calculated based on the estimated average useful lives of the assets and is presented as accumulated depreciation, which is a contra account of tangible assets in the financial statements.

The estimated useful lives and depreciation methods of the tangible assets are as follows:

<u>Tangible assets</u>	<u>Amortization Method</u>	<u>Estimated Useful Life</u>
Buildings and structures	Straight-line method	40 years
Leasehold improvements	Declining balance method	4 years
Equipment and vehicles	Declining balance method	4 years

Expenditures that enhance the value or extend the useful life of the assets involved are capitalized as additions to tangible assets. Routine maintenance and repairs are recognized as expenses as incurred.

Foreclosed assets acquired through, or in lieu of, loan redemption are stated at cost and are not depreciated. Valuation allowance is recorded where the latest bidding price at public auction is below the book value, and is presented as a contra account of foreclosed assets in the financial statements.

The Bank recorded goodwill as a result of the merger with H&CB for the cost of the merger exceeding the fair value of the net assets acquired.

Intangible assets are amortized based on the following estimated average useful lives using the straight-line method and are presented in the financial statements net of accumulated depreciation.

<u>Intangible Asset</u>	<u>Amortization Method</u>	<u>Estimated Useful Life</u>
Goodwill	Straight-line method	9 years
Trademarks	Straight-line method	1-10 years
Other	Straight-line method	7-30 years

Stock Issuance Costs and Debenture Issuance Costs

Stock issuance costs are deducted from paid-in capital in excess of par value. Debenture issuance costs are recorded as discounts on debentures and amortized over the maturity of the debentures using the effective interest method.

Accrued Retirement Benefits

Employees and directors with more than one year of service as of September 30, 2002 are entitled to receive a lump-sum payment upon termination of their employment with the Bank, based on their length of service and rate of pay at the time of termination. Additionally, the Bank records pension fund deposits which grant the payment rights to its employees and contributions to the national pension fund as contra accounts of accrued retirement benefits.

Guarantees and Acceptances

By applying credit risk classification used for loans to the guarantees and acceptances, the Bank records an allowance for losses on outstanding guarantees and acceptances according to their classification as sub-standard, doubtful, or estimated loss (allowance rates are at minimum 20%, 50%, and 100%, respectively).

2. Summary of Significant Accounting Policies, Continued;

Deferred Income Taxes

The Bank records the future tax effects of temporary differences between the financial and tax bases of assets and liabilities as deferred tax assets or liabilities. The cumulative effects of accounting changes adjust the beginning balance of retained earnings and thus result in temporary differences.

Derivatives Instruments

The Bank records the rights and obligations arising from derivative contracts on the balance sheet as assets and liabilities based on the fair values of such rights and obligations. Resulting unrealized gains or losses are included in net income.

Stock Options

The Bank calculates the fair value of stock options at the grant date and allocates the resulting total cost over the contractual service period. The costs allocated to the current period are charged to operating expenses and capital adjustments.

National Housing Fund

The Bank, as designated by the Korean Government under the Housing Construction Promotion Law, manages the sources and uses of funds of the National Housing Fund (the NHF) and records the related NHF account in other liabilities. In addition, the Bank pays interest, which is computed by multiplying the average balance of the NHF account by the passbook deposit interest rate, to the NHF.

Gains and Losses on Trust Management

The Bank's trust accounts (the Trust Accounts) recognize as an expense the trust commissions paid to the banking accounts, equivalent of total trust revenue less total trust expenses and trustee benefits (including the guaranteed principal and minimum rate of return). The Bank recognizes these trust commissions as a gain on trust management in other operating income. The trust fees on money trusts consist of base fees of 0.5% ~ 2.0% (depending on trust fund types) and special fees applied to the invested capital.

Under the Trust Business Act, reserves for future losses are set up in the trust accounts for losses related to those trust funds with guarantee of the principal or of a certain minimum rate of return. The reserves are used to provide for the losses on such trust funds and, if the losses are incurred in excess of the reserves for future losses, the excess losses are compensated by the Bank. Accordingly, the banking accounts recognize the compensation paid as a loss on trust management in other operating expenses and the trust accounts recognize the corresponding compensation as compensation from banking accounts. The Bank recorded (Won)119 million of loss on trust management for the nine-month period ended September 30, 2001.

Translation of Foreign Currency Financial Statements of Foreign Entities

Accounting records of the overseas branches are maintained in a foreign currency prevailing in their respective countries. For presentation in the accompanying financial statements, the financial statements of the branches have been translated into Korean Won, using exchange rates published by Seoul Money Brokerage Services, Ltd. as of September 30, 2002 and 2001.

^{1*} The loans, or portions thereof, that are agreed to debt restructuring by issuance or grants of equity are separately classified as loans convertible into equity securities as of the agreement date. The loans convertible into equity securities are stated at the lower of nominal amount or the fair value of the to-be-converted equity interest. The difference between the nominal amount and the fair value of equity interest is adjusted in related allowance for loan losses.

16. Derivatives:

The Bank's derivative instruments are divided between hedge derivatives and trading derivatives based on the purpose of the transaction. The Bank enters into hedge transactions mainly for the purposes of hedging fair value risks related to its assets. Trading derivatives include future contracts, forward contracts, swaps, and options entered into by the Bank to gain profit from short-term fluctuations of the underlying variable of the instruments. Also, trading derivatives include those with the Bank's customers and the related hedging derivatives.

Hedge derivatives comprise mainly of interest rate swaps to hedge the fair value change of foreign available-for-sale investment securities arising from the interest rate risk. The counter-parties of these hedge derivatives are foreign financial institutions except for Korea Development Bank. Some hedge purpose transactions do not qualify for hedge accounting and are thus accounted for as trading derivatives. These transactions include the hedge relationships where the hedged item is an asset or liability that is remeasured with the changes in fair value attributable to the hedged risk reported currently in earnings or where the hedged item cannot be specifically identified.

The notional amounts outstanding for derivative contracts as of September 30, 2002 and 2001 are as follows (in millions of Won):

	2002			2001

17. Commitments and Contingencies:

As of September 30, 2002, 93 pending legal actions with an aggregate amount of claims of (Won)29,637 million are charged against the Bank and the Bank had also filed 108 lawsuits which are still pending with an aggregate amount of claims of (Won)41,422 million. Management believes that the actions against the Bank are without merit and that the ultimate liability, if any, will not materially affect the Bank's financial position.

The Bank, under the Mutual Savings & Finance Company Act, is liable for the payment of the deposits of Orange Mutual Savings & Finance Co., Ltd. and Bukook Mutual Savings & Finance Co., Ltd., previously the Bank's subsidiaries but which were sold during 1999, if they enter into bankruptcy within 3 years of sale. Orange Mutual Savings & Finance Co. is currently under going bankruptcy procedures due to the disapproval of its business by Financial Supervisory Commission. Korea Deposit Insurance Corporation (KDIC) has paid for the deposit money subject to the Depositor Protection Act. Despite the fact that KDIC has filed a lawsuit against the Bank for recovery of the repayment, such lawsuit is not expected to cause any loss which could materially affect the Bank's financial statements.

17. Commitments and Contingencies, Continued;

The Bank has credit line and commitments to purchase commercial paper with asset securitization companies. Under these commitments, the Bank provides money, in case of temporary fund shortage, for the principal and interest repayment of these companies' senior bonds within the contracted term and amounts. As of September 30, 2002, under these commitments, the aggregate committed credit line and loans outstanding are (Won)3,271,048 million and (Won)31,852 million, respectively. Also, the Bank entered into arrangements to purchase (Won)1,050,000 million of commercial papers issued by the securitization companies. The Bank has arranged various methods to provide for losses on these credit line commitments including payment guarantees, repurchase contracts, surety certificate guarantees, and cash reserve.

Pursuant to asset securitization plans, the Bank previously sold loans to ABS Specialty Companies before last fiscal year. The related contracts for asset securitization stipulate the Bank's performance of warranty liability for loans sold to Kookmin 4th-ABS Specialty Co., Ltd., Joeeun 4th-ABS Specialty Co., Ltd., and Joeeun 5th-ABS Specialty Co., Ltd. (collectively Specialty Co.) when underlying loans are delinquent for certain period of time or go into default. Accordingly, the Bank bears possible liabilities for collateral performance toward the Specialty Co. within the limits of (Won)72,000 million, (Won)23,382 million, and (Won)66,500 million, respectively, as of September 30, 2002. No adjustments have been made in the accompanying financial statements related to such uncertainties.

As of September 30, 2002, the Bank provided an allowance of (Won)7,133 million for estimated losses from repurchase of loans sold to KAMCO that are under the repurchase agreement (See Note 7).

On August 30, 2002, the Bank sold 12,988,771 shares (65.43%) out of its 16,960,000 shares (85.43%) and (Won)172,024 million loans of Joeeun Leasing Inc. to Sun Capital Inc. for (Won)145,000 million according to the MOU on June 15, 2002 and the decision of the Board of Directors on July 26, 2002.

As of September 30, 2002 and 2001, the Bank holds the unexpired rights to claim from borrowers or guarantors for loans in accordance with the relevant law, which already has been written off, of (Won)3,419,522 million and (Won)1,425,608 million, respectively.

As of September 30, 2002 and 2001, the Bank holds the endorsed bills of (Won)10,073 million and (Won)14,581 million, respectively.

In response to general unstable economic conditions, the Korean government and the private sector have been implementing structural reforms to historical business practices. Implementation of these reforms is progressing slowly, particularly in the areas of restructuring private enterprises and reforming the banking industry. The Korean government continues to apply pressure to Korean companies to restructure into more efficient and profitable firms. The Bank may be either directly or indirectly affected by these general unstable economic conditions and the reform program described above. The accompanying non-consolidated quarterly financial statements reflect management's assessment of the impact to date of the economic situation on the financial position of the Bank. Actual results may differ materially from management's current assessment.

Certain financially troubled borrowers of the Bank including Korea Data System Co., Ltd. are experiencing a cash crisis or in the debt restructuring process under workout plans and other similar programs. As of September 30, 2002, in relation to such borrowers, total loans outstanding including guarantees and acceptances amounted to (Won)904,554 million, and the related allowances and discounted present value are (Won)331,308 and (Won)19,062, respectively. Actual expenses may differ from the Bank's allowances. Therefore, the possible adjustments are not considered in this financial statement.

18. Capital Stock:

As of September 30, 2002, the Bank has 1,000,000,000 common shares (par value : (Won)5,000) authorized and 317,677,416 shares issued. Goldman Sachs Capital Koryo, L.P., ING Insurance International B.V., and the Korean government own 2.27%, 4.00%, and 9.64%, respectively, of the total issued shares. During the current period, Goldman Sachs Capital Koryo, L.P., sold 14,470,000 common shares as American Depositary Shares (ADS). Among the issued shares, 42,941,310 common shares, equivalent to 13.52% of the total issued shares, are listed on the New York Stock Exchange as ADS and are managed by Bank of New York, a trustee of the Bank.

Under the General Banking Act, if one single entity, other than the government or a foreign investor, owns more than 4% of total outstanding voting shares, the entity's voting rights are limited to those of 4% shareholders.

As a result of the business combination with H&CB, shareholders of the Bank and H&CB, who are listed on the Register of Shareholders at October 31, 2001, received 179,775,233 new shares and 119,922,229 new shares of the Bank, respectively, at the exchange ratio of 1 new common share of the Bank for 1.688346 old shares of the Bank and 1 share of H&CB.

In accordance with the resolution of the general shareholders' meeting on March 22, 2002, the Bank has voted 6% stock dividends for shareholders, listed on the Register of Shareholders at December 31, 2001 and issued 17,979,954 shares.

The bank is authorized to issue to non-shareholders convertible bonds and bonds with stock purchase warrants up to total par value amounts of (Won)2,500 billion and (Won)500 billion, respectively. At September 30, 2002, the Bank's subordinated foreign currency convertible bonds outstanding amounted to (Won)245,100 million (equivalent of USD 200 million, 10,581,269 shares at September 30, 2002) issued to Goldman Sachs Capital Koryo, L.P. during 1999 (See Note 12).

19. Capital Surplus:

Capital surplus as of September 30, 2002 and 2001 comprises the following (in millions of Won):

	2002	2001
Paid-in capital in excess of par value	(Won) 5,106,789	(Won) 1,039,396
Gain on business combination	397,669	397,669
Revaluation increment	177,229	177,229
Others	2,141	1,758
	<u>(Won) 5,683,828</u>	<u>(Won) 1,616,052</u>

The movements in capital surplus for the nine-month period ended September 30, 2002 are as follows (in millions of Won):

	Beginning Balance	Increase ^{1*}	Decrease ^{2*}	Ending Balance
Paid-in capital in excess of par value	(Won) 5,107,251	(Won)	(Won) 462	(Won) 5,106,789
Gain on business combination	397,669			397,669

Others	1,815	326		2,141
	<u>(Won) 5,683,964</u>	<u>(Won) 326</u>	<u>(Won) 462</u>	<u>(Won) 5,683,828</u>

Edgar Filing: KOOKMIN BANK - Form 6-K

1* The increases in other capital surplus value is due to the gain on the sales of treasury stocks.

2* The decreases in paid-in capital in excess of par value are due to the new common stock issuance of the Bank for stock dividends.

Unappropriated retained earnings	1,528,677	764,079
	(Won) 2,951,013	(Won) 1,639,081

The General Banking Act requires the Bank to appropriate as a legal reserve a minimum of 10% of annual net income until the legal reserve equals paid in capital. This reserve is not available for payment of cash dividends but may be transferred to capital stock by an appropriate resolution by the Bank's board of directors or used to reduce accumulated deficit, if any, by appropriate resolution of the Bank's stockholders.

Pursuant to the Tax Exemption and Reduction Control Law, the Bank is required to appropriate, as a reserve for business rationalization, amounts equal to tax reductions arising from tax exemptions and tax credits. This reserve is not available for the payment of cash dividends, but may be transferred to capital stock or used to reduce accumulated deficits, if any.

At September 30, 2002 and 2001, other reserves comprise the following (in millions of Won):

	2002	2001
Reserves for overseas investment losses	(Won) 5,417	(Won) 13,900
Other reserves	1,719	1,002
	(Won) 7,136	(Won) 14,902

Pursuant to the Tax Exemption and Reduction Control Law, the Bank appropriates reserves for overseas investment losses. Other reserves are those appropriated for the operations of overseas branches.

21. Capital Adjustments:

As of September 30, 2002 and 2001, capital adjustments comprise the following (in millions of Won):

	2002	2001

	(Won) 303,616	(Won) (68,613)	(Won) 166,594	(Won) 68,409

The Bank, under the approval of the Board of Directors, established an Employee Stock Option Plan to raise the welfare level of the employees and decided to obtain 3,000,000 treasury stocks for that need until October 29, 2002. Accordingly, up to September 30, 2002, the Bank has obtained 2,200,000 treasury stocks equivalent to 98.4% of the total treasury stocks.

22. Employee Stock Options:

The Bank, under the approval of the Board of Directors, granted stock options to its executives on March 18, 2000, March 15, 2001, November 16, 2001, March 22, 2002 and July 26, 2002. In addition, the stock options of H&CB, which were granted on October 31, 1998, February 27, 1999, February 28, 2000, and March 24, 2001, were transferred to the Bank as a result of the business combination with H&CB. The details of the stock options in effect as of September 30, 2002 are as follows:

Earnings per share (EPS) for the nine-month periods ended September 30, 2002 and 2001 are calculated as follows (in millions of Won):

	2002	2001^{1*}
Net income after income taxes	(Won) 1,512,868	(Won) 863,062
Dividend on preferred stock (1%)		(930)
	<u>1,512,868</u>	<u>862,132</u>
Weighted average number of common shares outstanding	317,390,563	190,576,391
	<u> </u>	<u> </u>
Earnings per share (in Won)	(Won) 4,767	(Won) 4,524
	<u> </u>	<u> </u>

Diluted EPS for the nine-month periods ended September 30, 2002 and 2001 are calculated as follows (in millions of Won):

	2002	2001^{1*}
Net income after income taxes	(Won) 1,512,868	(Won) 863,062
Interest expenses on convertible bonds	4,556	3,214
Stock compensation expenses	431	
	<u>1,517,855</u>	<u>866,276</u>
Weighted average number of common shares outstanding	328,274,851	225,158,139
	<u> </u>	<u> </u>
Diluted earnings per share (in Won)	(Won) 4,624	(Won) 3,847
	<u> </u>	<u> </u>

1* EPS and diluted EPS for the nine-month period ended September 30, 2001 are adjusted considering the effect of business combination with H&CB.

Weighted average number of common shares outstanding before and after dilution for the nine-month periods ended September 30, 2002 are calculated as follows:

	Number of Shares	Days Outstanding	Weighted Average Number of Shares
Weighted average common stock-beginning balance	317,677,416	273	317,677,416
Treasury common stock beginning balance	(31,548)	93	(10,747)
Treasury common stock acquisition during the period	(2,236,089)	34	(276,106)
			<u> </u>
Weighted average number of common shares before dilution ((1))			317,390,563
			<u> </u>
Convertible bonds issued to Goldman Sachs	10,581,269	273	10,581,269
Employee stock option	303,019	273	303,019

Diluting shares ((2))	10,884,288
Diluted weighted average number of common shares ((1)+(2))	328,274,851

The increase in common shares resulting from convertible bonds is computed assuming the conversion had taken place as of the beginning of the period.

The interest expenses on convertible bonds and stock compensation expenses used in the calculation of the diluted EPS are net of the 29.7% tax effect. The number of common shares assumed to be converted from convertible bonds is calculated by dividing the total convertible bond amount by the conversion price per share.

In addition, considering the stock dividend in the current period, the recomputed basic EPS and diluted EPS for the year ended December 31, 2001 are (Won)3,400 and (Won)3,266, respectively.
